

February 5, 2019

Dear Friends,

CORE Community Services is committed to making a difference in the lives of our senior citizens and to recognize and honor these important community members.

The strength of this commitment is a result of our Executive Director, our board members, staff, and many amazing hardworking volunteers.

Right now CORE is searching for an Executive Director to enable us to make an even greater impact in our area, to strengthen our position in the communities we serve while partnering with other agencies offering assistance.

This fulfilling job will make a difference in changing and improving the lives of seniors, some of whom are struggling; encouraging seniors to volunteer in programs that matter to them; and making our area more attractive to older persons interested in living or visiting a place that encourages learning, growing, and serving.

All of us are walking the path to senior citizenship; it's lots more fun to go together.

Contact Andrea Fisk at 715-779-3457 or admin@corecr.org if you have an interest in this position in our beautiful community where people are committed to helping one another. A brief job description accompanies this letter.

If you know a friend or colleague who may be interested, please share this.

We look forward to our conversation!

Thank you,
